Github: https://github.com/Randy-chou

I am a Fullstack web developer from the University of Pennsylvania Coding boot camp with a background in cell and molecular biology that has granted me skills in detailed analysis and systemic problem solving. Coming from an academic research background, I want to bring the newest innovations into the hands of your everyday user.

Skills

Languages: Javascript ES6+, CSS3, HTML, AJAX, Responsive design, Java, Python, R
Applications: Github
Tools: Bootstrap, jQuery

Projects

Crumbs | https://randy-chou.github.io/crumbs-food-app/
- A website that allows you to search for recipes as well as nutritional information
- Uses HTML, CSS, and jQuery

Weather Dashboard | https://randy-chou.github.io/weather_dashboard-2021/
